****Notice that no school is on the bracket. Team 1-5 will be determined at the beginning of the day by drawing out of a "hat" by each school's team captain. Once the teams have been designated each school will be put on the bracket. If a team draws a bye that game will be counted as a win, but will not be used for tie breaking. One school will be eliminated after the prelim rounds. That is determined by records in the prelim games. The top 4 records will move on to the semifinals. The best record will be the 1st seed, second best record will be the 2nd seed, and so on and so forth, and the school with the worst record will be eliminated. The winners of the 2 semifinal games will advance to the championship game.**
